COMICCRAFT AI

Phase 2 - Requirement Analysis

In this phase, the functional and technical requirements of ComicCraft AI are identified.

Key Objectives

- User should be able to enter a story idea.
- The application should generate a simple comic story.
- The generated story should be displayed on the web page.
- A comic image should be displayed with the story.
- The application should provide a PDF download option.
- The system should have a simple and user-friendly interface.

Expected Outcome

The major functional and technical requirements were identified.
