COMICCRAFT AI

Phase 8 - Project Demonstration

The final demonstration shows how ComicCraft AI works from user input to comic output.

Key Objectives

- Start the ComicCraft AI application.
- Open the web interface in the browser.
- Enter a simple story idea.
- Generate and display the comic story.
- Show the comic image along with the story.
- Demonstrate the PDF download feature.
- Explain the main technologies and project benefits.

Expected Outcome

The completed ComicCraft AI project is ready to be demonstrated and submitted.
